FORENSIC DOCUMENT EXAMINERS**  
**Technical Seminar and Workshop Registration**  
**Denver, Colorado**  
**October 11-13, 2019**

**CALL FOR PAPERS and INFORMATION PAGE**

**CALL FOR PAPERS**

If you wish to present a paper, please get me an abstract and how much time you think you will need to present. There is time on the agenda for papers on Friday and Sunday morning.

Anyone involved in ABFDE, ASQDE, NIST/OSAC, etc. who would like to give SWAFDE an update, please let me know so I can schedule some time for those presentations.

Depending on paper presentations, updates and the business meeting, we may also have a panel discussion. The subject at this time is open, so any topics you may be interested in or if you wish to participate as a panel member, please let me know.

**INFORMATION**

The attachment contains information about the hotel and nearby restaurants.

The registration form and bios for both of our speakers are posted on the SWAFDE website. (Thank you Iris!!)

The shuttle runs 24 hours and is free from the Denver International Airport to the hotel and the surrounding area. This area is still being built out, so we should have additional restaurants to choose from come October.

A large convention center was built very close to our hotel which has additional restaurants and shops (Gaylord Convention Center in Aurora, CO). It is brand new and should be a nice place to have dinner or shop and is shuttle accessible. (And yes, we received a quote from them too, room rates started at \$260 per night.)

Hospitality room – The hotel has a bar in the main lobby with an area directly next to it that we can take over and use as our hospitality room. Unfortunately due to liquor laws/licensing, we cannot bring in our own alcohol.

President's Reception/Dinner – This still isn't decided yet. If we have a dinner, it may be easier and cheaper to go to a restaurant and ask for a limited menu of 4 to 5 items and have each participant pay for their own dinner. Plan to discuss this with Kathy to see if she would like a President's Reception.

While we were able to get a hotel rate of \$119, they have made up for it in food prices which are very high per person.

Please send the registration and fees to: Darla Celentano/SWAFDE, Box 21, Castle Rock, CO 80104.

If you have any questions, need additional information or have a suggestion, please feel free to email me at [dmccarle@auroragov.org](mailto:dmccarle@auroragov.org) or [plumcreekforensics@att.net](mailto:plumcreekforensics@att.net).

\*Special thanks to Randy Carodine, Iris Cruz and Jane Rodriguez for their assistance and support.

## PURE Guestrooms

While all the rooms at the **Courtyard Denver Airport** are of the highest quality, a PURE Room takes it one step further. That's significant, because millions of Americans suffer from allergies, and chances are that you or someone you travel with is affected. If you have allergies, or would like to enjoy the benefits of a guest room specially treated to help those that do, you may want to consider a PURE Room.

PURE Allergy Friendly Rooms, the most complete, allergen-resistant hotel rooms on the market, give allergy-afflicted travelers their best option. In a PURE Room every surface has been treated, to minimize irritants, contaminants, and odors.

Each PURE Room is treated extensively, ensuring an inviting stay every time. Upon entering a PURE Room, the first thing you will notice is the fresh crisp environment. After deep cleaning and sanitizing all the surfaces in the room, we provide state of the art air purification for your 24 hour a day comfort. We don't stop there. All the surfaces are treated from carpets to upholstery to encasing the mattresses and pillows.

PURE delivers what every guest wants- a fresh room. The PURE difference is the peaceful assurance that you're in a place even more comfortable than home.
